## EDUCATION

### Bachelor of Commerce, Specialist in Finance & Economics – High Distinction

Graduated June 2026

Rotman Commerce, University of Toronto

- Cumulative GPA: 3.78/4.00
- Dean's List Scholar: 2023, 2025, 2026
- International Scholar Award – Rotman Commerce, Elizabeth Anne Sabiston Scholarship, Regents Admission Scholarship, Valeria Brook Scholarship
- Relevant Coursework: Mergers & Acquisition (A-), Advanced Corporate Finance (A), Data Analytics with Financial Info (A), Data Analysis in Practice (A), Data Based Decision Making (A-)

## REAL ESTATE FINANCE AND INVESTMENT PROJECTS

### Multi-family Acquisition Financial Model, Independent Real Estate Project (Toronto, Canada) Aug 2026 - Present

- Built a dynamic 30-year multi-family acquisition model in Excel, integrating unit-level rent rolls, monthly lease-up and vacancy assumptions, and a full debt amortization schedule to project property NOI and cash flows
- Structured a 4-tier GP/LP equity waterfall (preferred return, catch-up, equity split) and calculated the project unlevered/levered IRR, NPV, and equity multiple at both the deal and individual-investor levels
- Stressed-test investment returns through two-way sensitivity analysis between rental growth rate and exit cap rate to evaluate downside risk and identify key value drivers

### Real Estate Development Investment Analysis, Capital Markets Case Competition (Thailand) Jun 2025-Aug 2025

- Evaluated and proposed a residential/mix-use development in Phuket, Thailand using demographic, market, rental-rate, and macroeconomic research to assess project feasibility and profitability
- Built a dynamic Excel development model forecasting land and construction costs, operating revenue, expenses, financing requirements, and project cash flows over a 10-year horizon
- Calculated project IRR, NPV, and equity multiple, and tested the effects of changes in construction costs, rental rates, and interest rates through sensitivity and scenario analyses

## WORK/VOLUNTEER EXPERIENCE

### Market Research Intern, Axentra OS (Remote)

Jun 2026-Present

- Leveraged AI to develop an Apps Script code extension on Google Sheets for web scraping and automating data collection processes, improving research efficiency and enhancing the accuracy of the company screening process
- Researched and evaluated over 700 Shopify-based companies, analyzing their business profile and market positioning for alignment with Axentra OS products and potential for sales outreach
- Verified and maintained data integrity within the prospect database, consistently performing quality checks to ensure valid information

### Receptionist, Maladee Rendezvous Hotel (Chiang Mai, Thailand)

Jun 2023-Aug 2023

- Operated in fast-paced, high-pressure environment requiring real-time problem-solving and client interaction
- Communicated with guests and coordinated with cross-functional teams to address inquiries and promptly resolve issues, ensuring a high level of customer satisfaction and maintain the hotel's 5-star status

### Professional Development Manager, RC Fintech Association (Toronto, Canada)

Jun 2024-Jun 2025

- Supported the professional development of RCFTA members by designing and organizing technical and workplace skills workshops
- Conducted a conflict resolution workshop, enhancing member's ability to collaborate effectively in team-settings and build organizational morale through team-building activities
